— 3.0 | Introduction

Established in 2007 by David Campbell, Cempaka Contract Furniture (PT. Cempaka Interior) is dedicated to manufacture furniture, lighting and accessories especially for the Hospitality Industry.

The Head Quarters and Design Sampling workshop are located in southern Bali and operate with a team of experienced project managers, designers, draughtsmen, marketing, sourcing and accounting staff as well as tradesmen, upholsterers and quality controllers. The team has specialized skills this allows us to produce both small orders and high volume orders to high quality, at competitive prices.

Whilst Cempaka Interior's primary focus is on large scale Hospitality Projects, we also have the resources and skills to produce feature items for Public Areas, Restaurants and Spas and individual customised 'conversation pieces'.

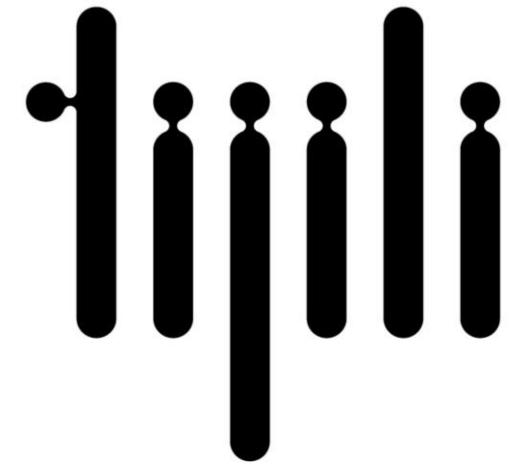

We pride ourselves on our flexibility to work together creatively with clients and designers to provide solutions, solve problems and achieve their goals.

Prospective clients can visit our showroom in Bali to see a range of quality furniture samples.

Cempaka Interior is committed to creating and featuring products that reflect a socially conscious and environmentally responsible attitude.

8.0 | Vision & Mission

Our Vision is to be a leading and quality driven interior design company services in the hospitality, corporate, residential and retail industry for qualified clients in Asia, and selected international country.

Our Mission is to provide a distinguished interior services with personalized and unique design ideas to completion that meet our client's expectations.

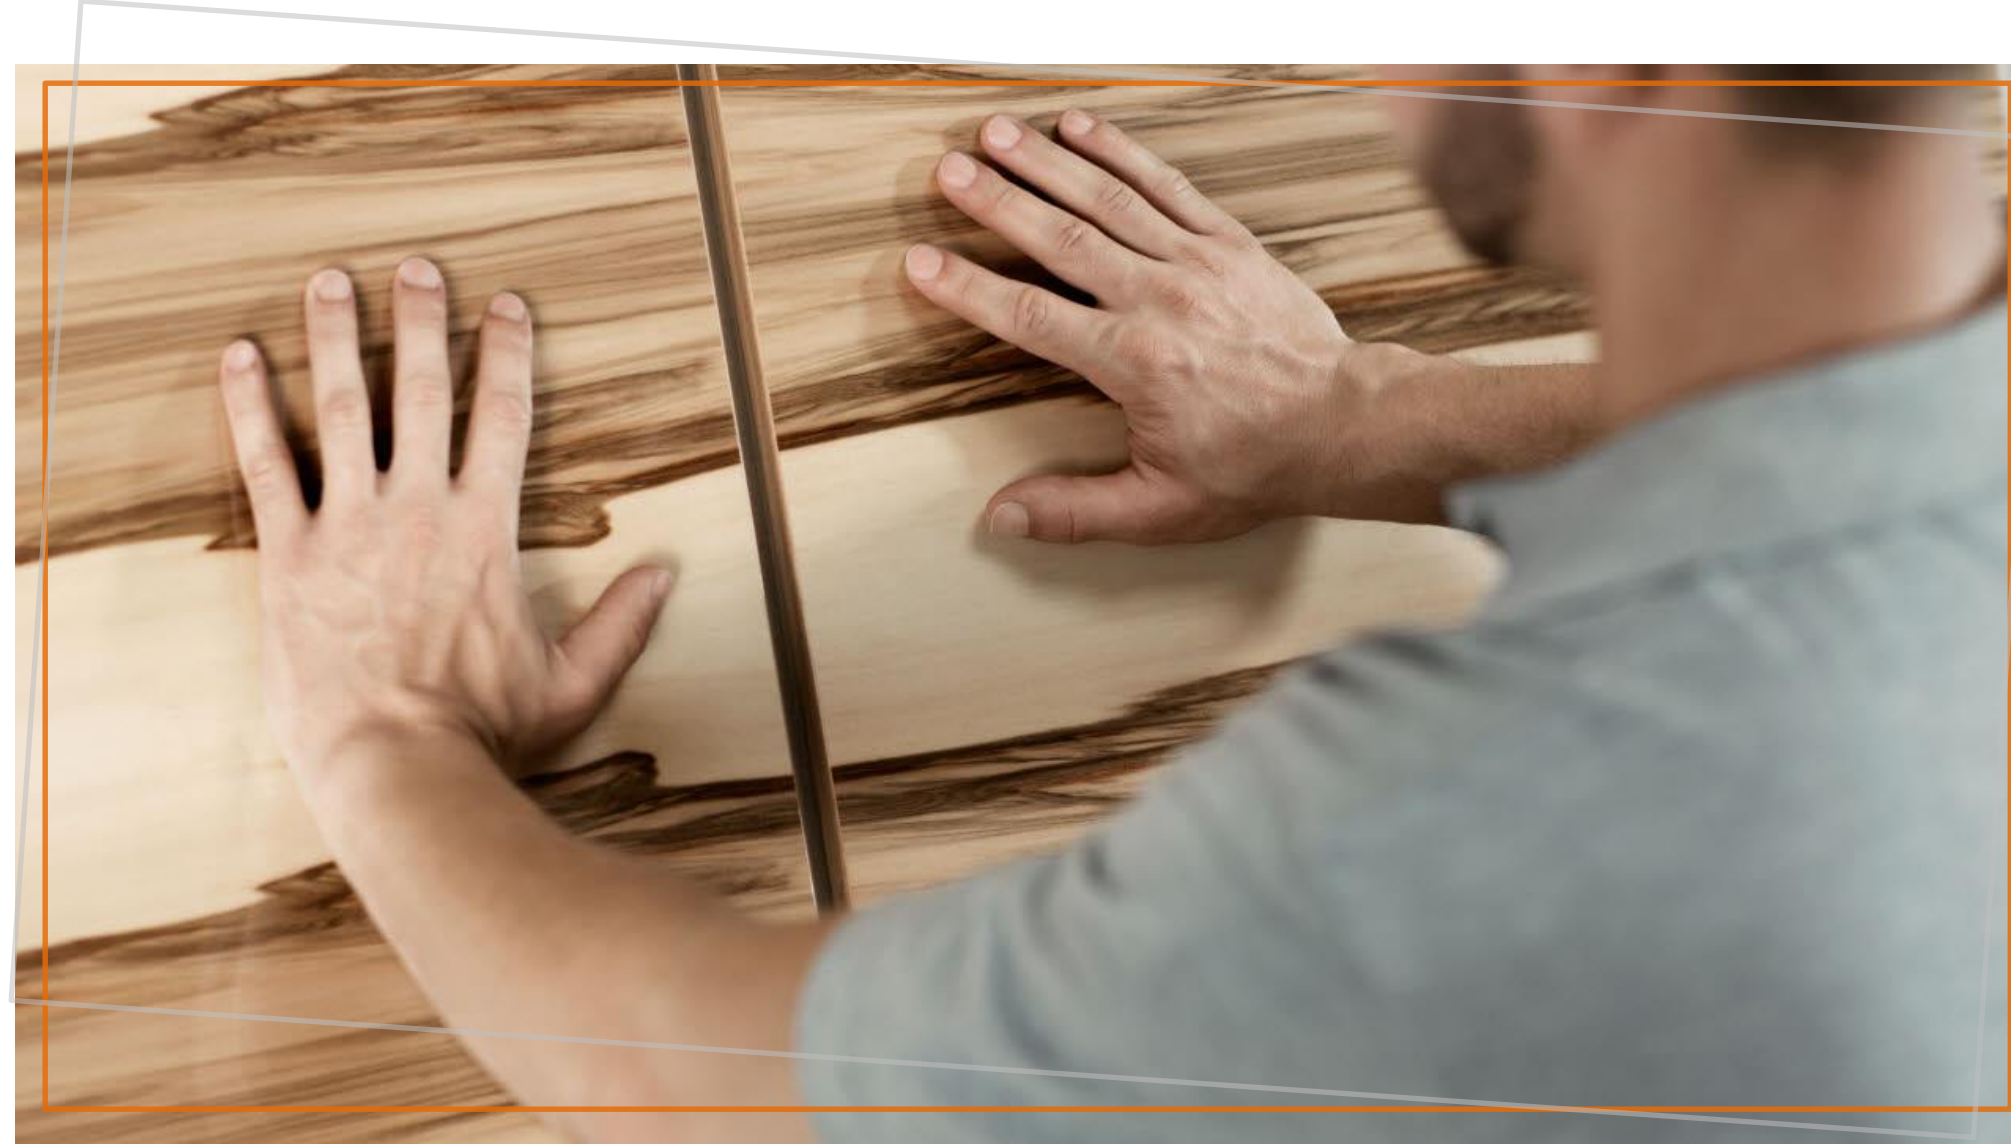

9.0 | We Provide

- a. Services
- b. Project Management
- c. Design & Production
- d. On-Site Installation
- e. Material Finishes, Sampling and Mock-up Rooms
- f. Sourcing and Custom Pieces

We are fully aware that fulfilling our client's expectation is our top priority and it is also a commitment to always strive in excellence that reflects in the end result.

We understand the value of a spatial idea that embodied into a precious moment that you can cherish.

That is why we continually listen to our clients' needs and see it from their perspective, hence that we will be able to answer each challenges and give the proper solutions. Through a collaborative ideas and with our expertise in this field, we believe that your experience with us is one of a kind.

Interior Manufacture

— We worked many overseas projects with international clientele with their own aesthetic taste.

As we operate a world class manufacture in the region, we handle each project as our own; and we enjoy collaborative work with many talented people that comes from generations of wood carver/craftsman.

Our range of Services cover:

1. Mood board, production of samples, prototypes and mock up rooms
2. One To One Project Management
3. Volume manufacturing
4. Source and QC specialised products
5. Customised packing
6. Product Installation and supervision at site
7. Manufacture soft furnishings and Fabric Consultation
8. Consolidation of shipment and coordination of logistics
9. Design consultation

Services

b. Project Management

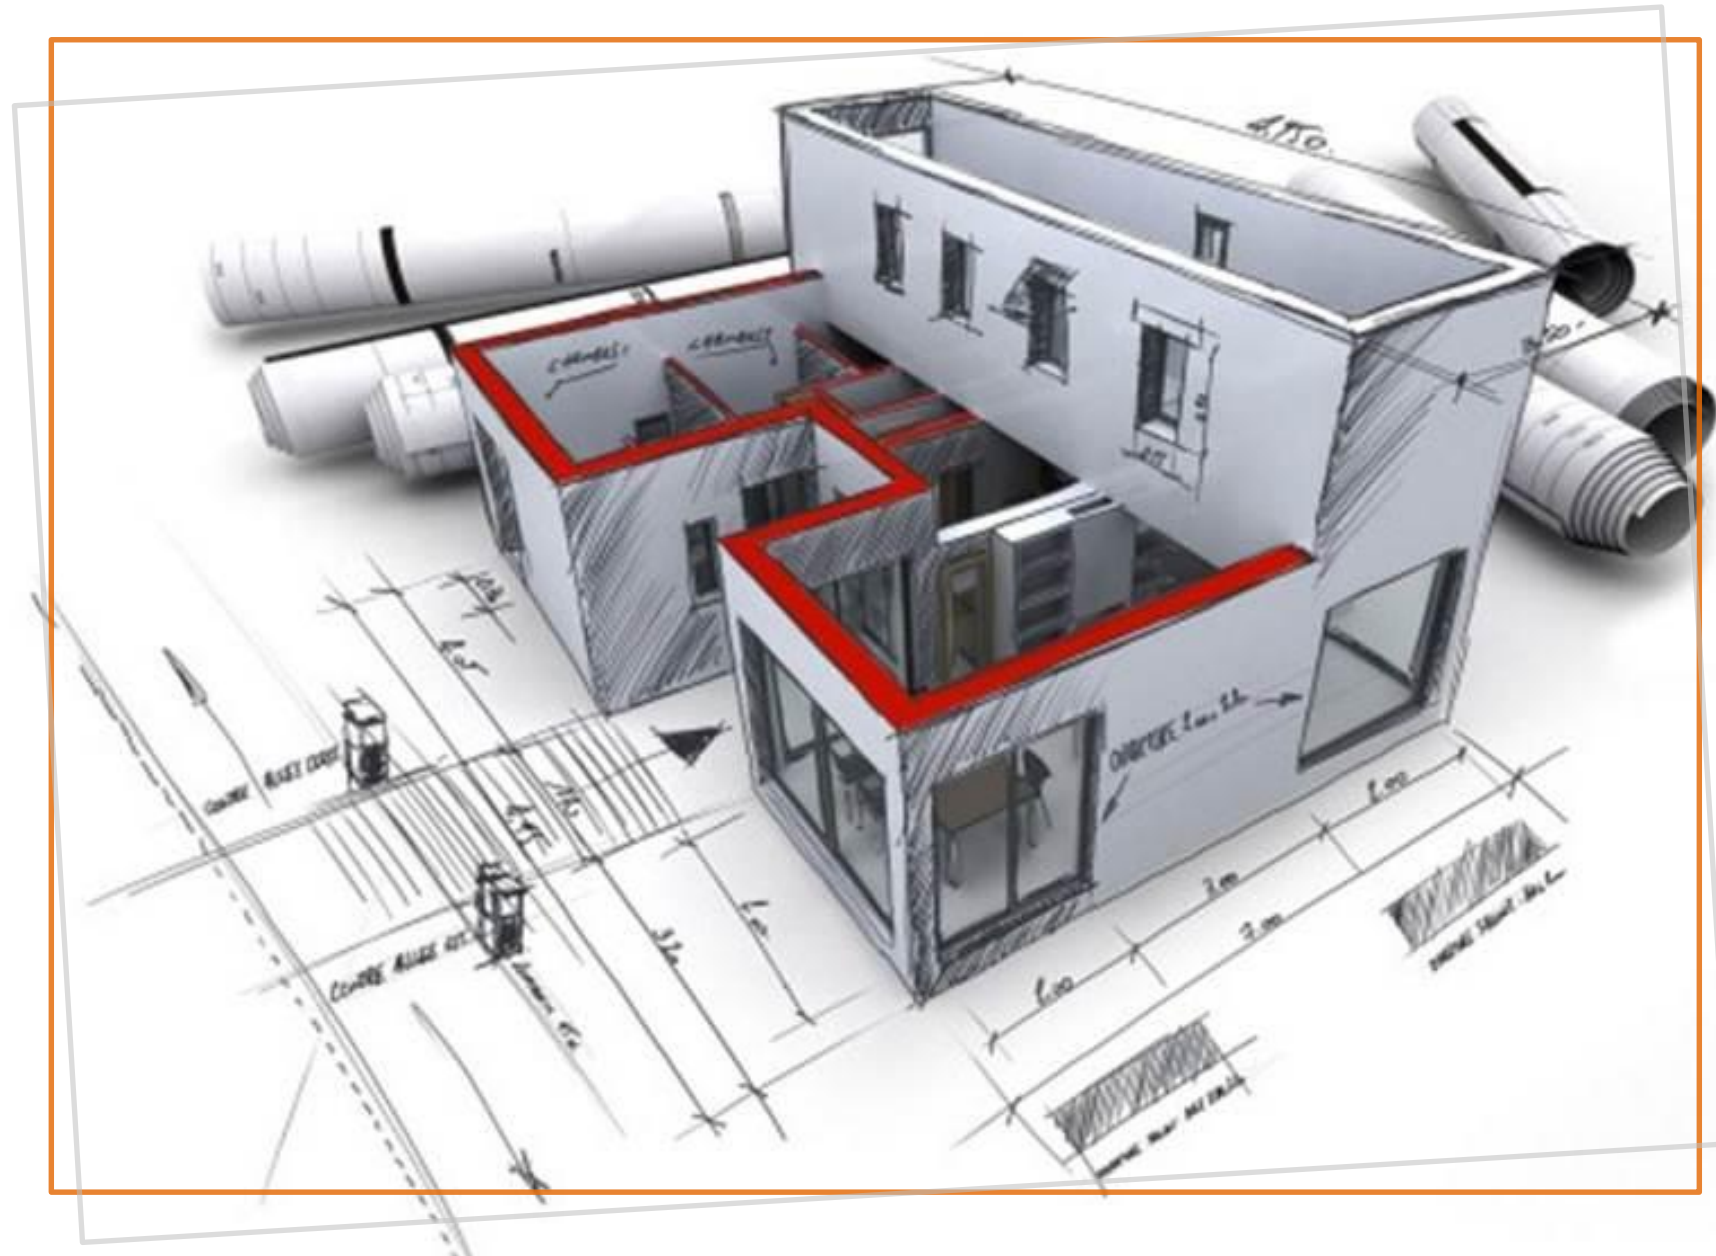

At Cempaka Interior we appoint a one to one Project Manager to carry your project through to completion.

Project Managers liaise directly with designers and clients to work through design and technical issues, quotations, implementation, progress reporting, and finance management.

They communicate with you at all stages from start to finish and offer excellent post installation customer service.

We are consistent to implement:

1. Right Quality
2. Right Price
3. Right Delivery
4. Right Communication

c. Design & Production

A successful project involves the execution of the project within the quality, cost and delivery time required. We pride ourselves in our ability to respond to the varied needs of designers, clients and procurement companies. We can advise on, or develop with you the special finishes, textures and materials you require. We can create from a sketch or a design reference, prepare CAD drawings and technical specifications and produce samples or complete mock-up rooms.

Our Design & Production steps:

1. Advise and develop with the special finishes, textures and material require
2. Create from a sketch or a design reference
3. Prepare CAD drawings(soft drawing)
4. Prepare technical specifications
5. Produce samples
6. Complete mock-up rooms

d. On-Site Installation

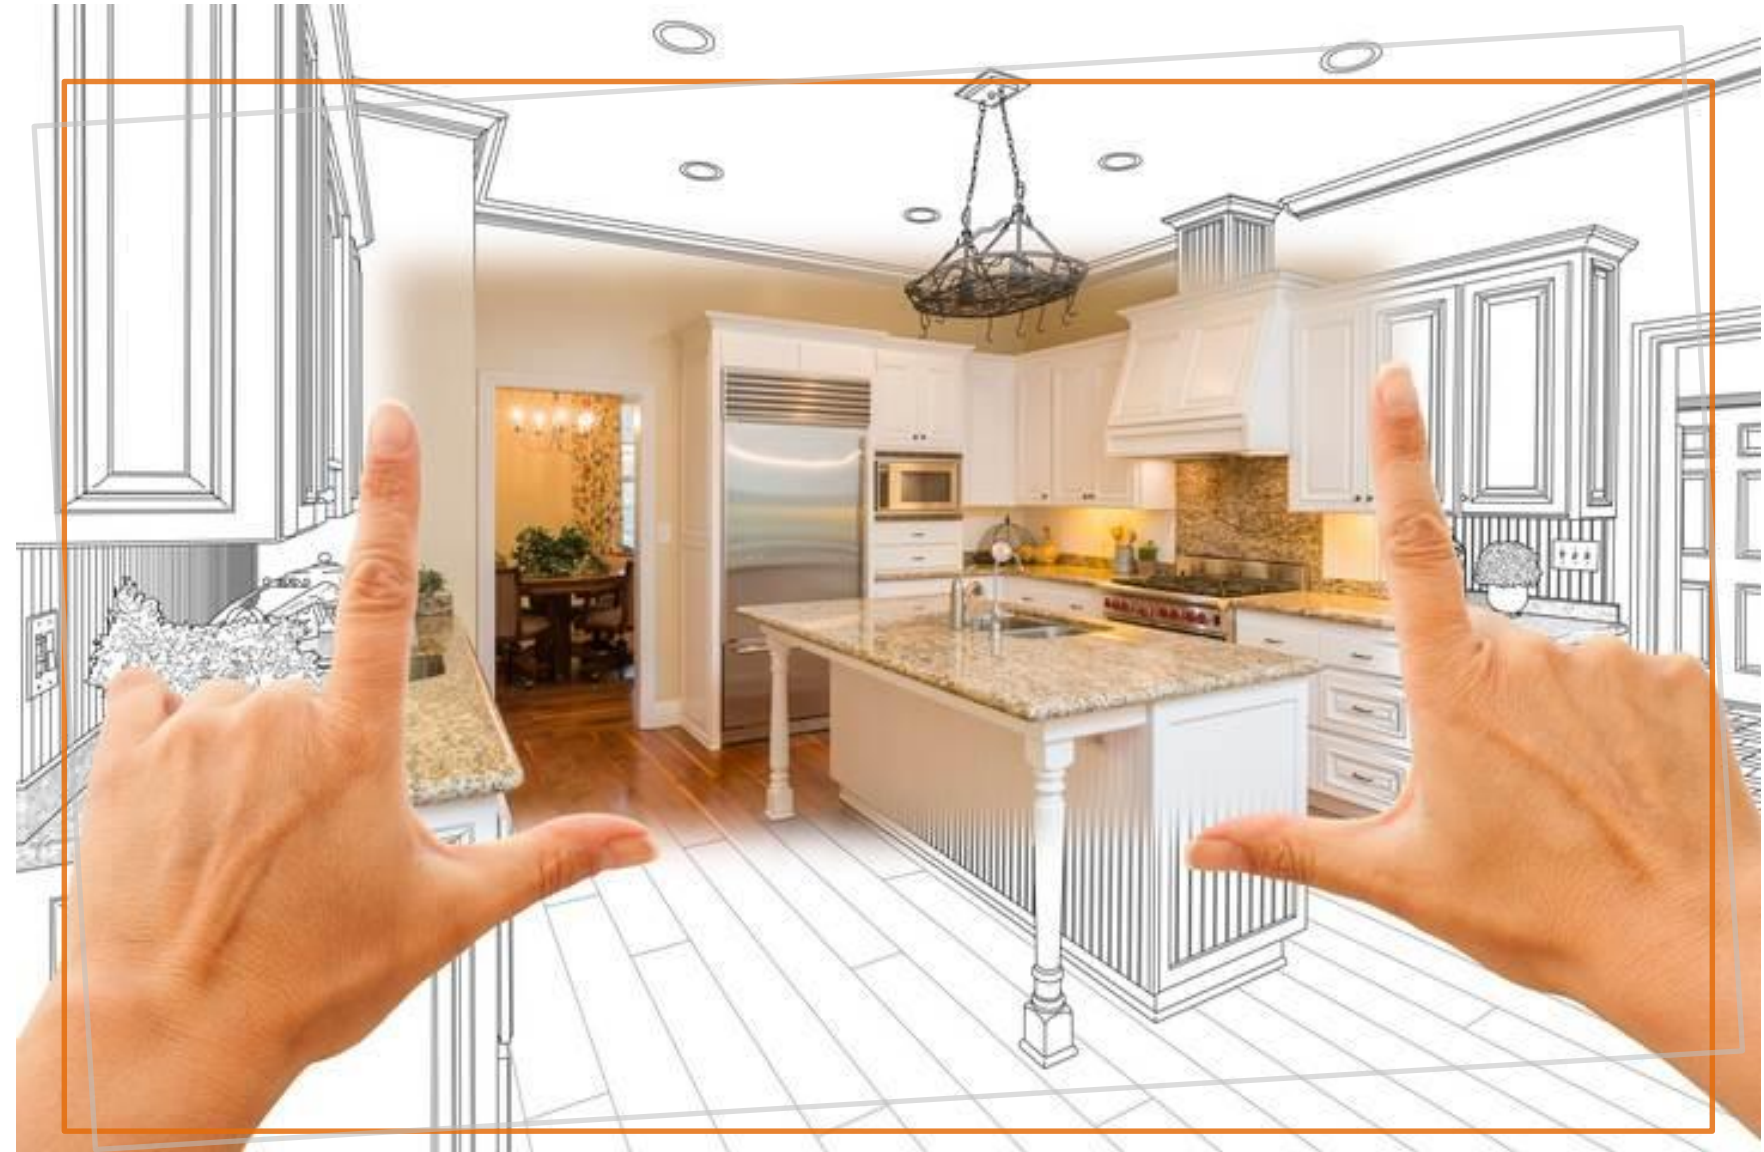

We can arrange on-site installation services for either partial or full installation if requested by the client. We can send highly skilled carpenters from our factory to complete installation tasks and full site installing project management can be arranged on request.

e. Material Finishes, Sampling & Mock-up Rooms

We are able to make samples of any items and send to the site for review inspection and approval if required. For larger projects we can build a complete mock-up room wherever the client requires it. Wood color samples, accent materials, fabrics, accessories, etc can all be arranged for approval.

f. Sourcing & Custom Pieces

We can either produce ourselves, source or develop with our experienced specialized suppliers a diverse range of products required for the modern hotel - for example artwork, lighting, outdoor furniture, spa furnishings and accessories, banquet hall furniture and conference center furniture.

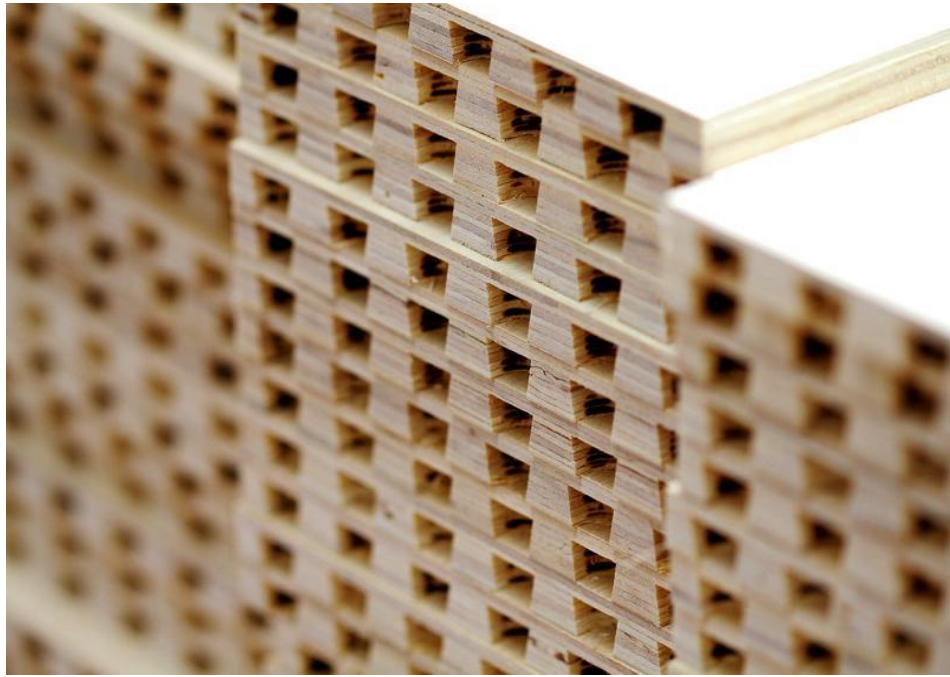

– 14 | Factory Facility

The high quality of production depends on knowledge and experience. We achieve it with professionalism in selecting materials properly, mixing colors and decors, fitting ornamental ironmongery to the finishing process. Following our customers' requirements and the new trends in the field are our top priorities.

We are keen on client service, paying attention to each customer individually. Engineering and manufacturing valuable furniture is related to compliance with certain European and national guidelines. The materials we use are certified to meet EU standards.

– 18 | Hospitality / Amenities

- The Cempaka philosophy is all about contemporary style with an inspirational twist. Our accessories and amenities are inspired by contemporary form, but pay homage to the rich heritage of artists and craftsmen in Indonesia.
- This combination of influences and skills provides us with the opportunity to design, inspire and produce some of the finest and most beautiful products in the world.
- Our team's decades of experience in product design, manufacturing, and hotel operations ensures.
- Cempaka Hospitality is proud of its exhaustive range of innovative, quality products designed to impress your guests.
